 4:45 PM – 6:15 PM **Friday Workshops (Pre-registration required)**

ROOM	WORKSHOP	
CALT 138	<p>German Immersion PASCH: Deutsch lernen mit digitalen Medien Dr. Stephanie Hafner (Goethe Institut, Washington, DC)</p> <p>Die Präsentation stellt die Initiative „Schulen: Partner der Zukunft“ (PASCH) und insbesondere deren digitales Angebot pasch-net vor. Pasch-net bietet ein breites Angebot von frei zugänglichen interaktiven Angeboten für DaF-Lehrkräfte weltweit: Multimediale Aufgaben, Spiele, Arbeitsblätter sowie die Online-Schülerzeitung PASCH-Global und Blogs werden anhand von Beispielen vorgestellt und Anwendungsszenarien im Unterricht werden diskutiert.</p>	
CALT 130	<p>Pedagogy At the Center of the Core: Engagement Ruth Malone (Wicomico County) & Dr. Arlene White (Salisbury University, retired)</p> <p>Engagement is more than having students working on a task. Come explore the topic of student engagement from the perspective of practical strategies and approaches that can be implemented in any world language classroom to enhance and energize student involvement and motivation. Learn how to integrate cognitive, behavioral, and affective engagement to create a true learning community where you and your students thrive. This workshop is presented in English.</p>	
CALT 132	<p>Spanish Immersion Effective Planning of Student Centers to Differentiate Instruction Rosa Moreno (Infinity Institute, Jersey City, NJ)</p> <p>This training is designed for World Language teachers of Spanish during which each participant will experience a differentiated classroom using multi-level instructional strategies and a planning model for all students within a single framework. This workshop is presented in English and Spanish.</p>	
CALT 136	<p>Technology APProachable Technology for World Language Courses Erminia Rosanova & Françoise Vandenplas (Montgomery County)</p> <p>During this hand-on workshop, participants will explore a variety of apps and websites that enhance instruction, facilitate language learning, and promote engagement. Participants are encouraged to have a Gmail account to expedite the login process to many of the sites presented during this workshop. This workshop is presented in English.</p>
